

WINTHROP RESEARCH & ACADEMIC CONFERENCE CENTER

Winthrop University Hospital | Mineola, New York

UPDATES IN ONCOLOGY FOR GI MALIGNANCIES

COLORECTAL GARGER

OVERVIEW

Approximately 1.1 million Americans are currently living with colon and rectal cancers. The average 5 year survival is 65.7%, which is one of the highest out of all cancer diagnoses, having improved from only 48% five-year survival in 1975. Eight percent of cancer diagnosis annually, as well as 8% of annual cancer deaths, are attributed to colorectal cancer. Approximately 4.4 percent of men and women will be diagnosed with colorectal cancer at some point during their lifetime, according to the National Cancer Institute. Rates for new colon and rectum cancer cases have been falling on average 3.2% each year over the last 10 years. Death rates have been falling on average 2.7% each year over 2004-2013. Early detection tests and staging test options are constantly evolving to try to reduce colorectal cancer risk and recurrence. It is important to have a multidisciplinary approach to this disease to stay current on laparoscopic and robotic surgical options, targeted therapies, chemotherapies, radiotherapy, and cancer vaccines. This course offers a gathering of clinical experts who will emphasize a multi-specialty team based approach to translating scientific knowledge into practice. Chemoradiation, molecular profiling of tumors, next-generation sequencing (NGS) test of short DNA sequences will be discussed. Planners of this course hope course participants will engage the faculty with thoughtful questions and leave with expanded medical knowledge and improved competence that will encourage changes in performance to improve care outcome for their patients.

LEARNING OBJECTIVES

At the completion of this program, the participant should be able to:

- Apply the most current treatments in colorectal cancer (both surgical and non-surgical)
- Evaluate surgical approaches in the treatment of colorectal cancer
- Prescribe more effective neoadjuvant and adjuvant chemotherapy strategies to treat colorectal cancer
- Summarize how immune-based strategies can detect colorectal cancer and how new immunological approaches
 can treat advance disease
- Describe future therapies in colorectal cancer

COMPETENCIES

This symposium will address the following ACGME/ABMS competencies:

- Medical knowledge
- Patient care
- Practice-based learning and improvement

TARGET AUDIENCE

Oncologists, hematologists, colorectal surgeons, surgical oncologists, radiation oncologists, gastroenterologists, primary care physicians, pancreatic cancer researchers, nurse practitioners, oncology-surgical nurses, residents and fellows.

ACCREDITATION

Winthrop University Hospital is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION

Winthrop University Hospital designates this live activity for a maximum of **4.0 AMA PR Category 1 Credit(s)**TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

NURSING ACCREDITATION

Winthrop University Hospital is an approved provider of continuing nursing education by the South Carolina Nursing Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Provider Number: 1409-023PR 9/24/17. 4.0 contact hours will be awarded.

Accredited status does not imply endorsement by SCNA, Winthrop University Hospital or ANCC of any commercial products or services.

AGENDA

12:15p Registration, Exhibits, and Refreshments

12:30p Introduction and Molecular Subtypes in Colorectal Cancer

Prashanti Atluri, MD

1:00p Adjuvant Therapy of Rectal Cancer

Bruce Minsky, MD

INTRODUCED BY

Jonathan Haas, MD

2:00p Molecular Pathology of Colorectal Cancer: Advancements and Challenges

Jinru Shia, MD

INTRODUCED BY

Iman Hanna, MD

2:45p Refreshment Break & Exhibits

3:00p Is Follow-Up of Colorectal Cancer Necessary

Marvin Corman, MD

INTRODUCED BY
Dean Pappas, MD

3:45p Preventing Colon Cancer: Can We Do Better?

Mark Pochapin, MD

INTRODUCED BY

Frederick Gandolfo, MD

4:30p Panel Discussion with Afternoon Faculty/Q & A

5:00p Adjourn

FACULTY DISCLOSURE

It is the policy of Winthrop University Hospital to adhere to ACCME, SCNA and ANCC accreditation requirements, policies and Standards for Commercial Support in order to ensure content validity, fair balance, independence, objectivity and scientific rigor in all its sponsored programs. All faculty, planners and authors of educational content, who participate in sponsored programs, must disclose to the audience any potential, apparent or real conflicts of interest related to their contribution to the activity, as well as any discussions of off-label or investigational uses of any commercial products or devices not yet approved in the United States. All faculty disclosures will be made at the time of the activity. Please call Rob Martin, MBA, CHCP, Director of CME at 516-663-2521 to express any concerns.

FACULTY ACTIVITY DIRECTORS

Prashanti Atluri, MD* Hematology/Oncology Attending Winthrop University Hospital Mineola, NY

FEATURED GUEST FACULTY

Marvin Corman, MD

Chief of Colon and Rectal Surgery Stony Brook University Hospital Professor of Surgery Stony Brook University School of Medicine Stony Brook NY

Bruce Minsky, MD

Director of Clinical Research
Division of Radiation Oncology
Frank McGraw Chair for the Study of Cancer
University of Texas MD Anderson Cancer Center
Professor of Radiation Oncology
University of Texas MD Anderson Cancer Center
Houston, TX

Mark Pochapin, MD

Director, Division of Gastroenterology
Vice Chair for Clinical Affairs
NYU Langone Medical Center
Sholts/Leeds Professor of Gastroenterology
New York University School of Medicine
New York NY

Jinru Shia, MD

Director, Dept. of Gastrointestinal Pathology
Director, Gastrointestinal Pathology Fellowship Program
Memorial Sloan Kettering Cancer Center
Professor of Pathology and Laboratory Medicine
Weill Cornell Medical College
New York, NY

PLANNING COMMITTEE

Jules Garbus, MD, FACS, FASCRS

Co-Chief of Colon and Rectal Surgery
Winthrop University Hospital
Mineola, NY
Clinical Assistant Professor of Surgery
Stony Brook University School of Medicine
Stony Brook, NY

LOCAL FACULTY

Iman Hanna, MD*

Anatomical/Clinical Pathologist Winthrop University Hospital Mineola, NY

Jonathan Haas, MD

Chief, Division of Radiation Oncology Winthrop University Hospital Mineola, NY Associate Professor of Radiation Oncology Stony Brook University School of Medicine Stony Brook, NY

Frederick Gandolfo, MD*

Attending Gastroenterologist Winthrop University Mineola NY

Dean Pappas, MD, MBA, FACS, FASCRS* Co-Chief of Colon and Rectal Surgery

Winthrop University Hospital Mineola, NY Clinical Assistant Professor of Surgery Stony Brook University School of Medicine Stony Brook, NY

Christine Guarnieri, RN-BC, MSN, OCN

Supervisor, Oncology Nurse Navigation Nurse Navigator: Colorectal/Gastrointestinal/Pancreatic/Head & Neck Cancers Winthrop University Hospital Mineola, NY

REGISTER TODAY

We accept online registration for all Winthrop CME-CE courses. Register and pay online at http://winthrop.cloud-cme.com

FEES

Registration fee includes educational materials, meals and CME-CE credit certificate.

Space is limited. Register early.

\$140 Physicians

\$110 Non-Physicians (NPs, PAs, Nurses, Others)

\$ 25 External Residents & Fellows (with valid ID)

FREE WUH Residents & Fellows (with valid Winthrop ID)

LOCATION

Winthrop Research & Academic Conference Center, Main Level, 101 Mineola Boulevard, Mineola, NY 11501

ACCOMMODATIONS

We do not have a discounted room block for this meeting. However, if you require a hotel, we suggest that you contact the Garden City Hotel by calling 1-800-547-0400.

CONFIRMATION

All registrants will receive a confirmation via email.

CANCELLATION

A fee of \$50 is deducted for cancellation. Refund requests must be received by mail 72 hours prior to the course. No refund will be made thereafter.

SPECIAL NEEDS

The Winthrop Research & Academic Conference Center is accessible to individuals with disabilities or special needs. Participants with special needs should contact the office of CME at 516-663-8459.

If you experience technical problems with the online system, wish to register a group, or require other special arrangements; please contact Peter Sandre at 516-663-8459 or via email at <a href="mailto:psecial-group-new-normal-new-
