

Department of Nursing Professional Practice

Chemotherapy Administration Education Program

Purpose: To share information regarding chemotherapy and biotherapy/immunotherapy medications.

Target Audience: Oncology nurses who are administering chemotherapy

Date Wednesday, August 19, 2020

Time: 8:30am-12:30pm

WebEx information will be e-mailed

Learning Objectives:

At the completion of this program, the nurse will be able to:

1. Identify various therapeutic modalities used to treat cancer with emphasis on chemotherapy and biotherapy
2. Identify selected commonly used agents, their mechanisms of action, and any unique administration issues
3. Review chemotherapy dose calculations and practice examples
4. Discuss immediate complications of cancer therapy, extravasation and hypersensitivity
5. Discuss nursing measures required to prevent and/or reduce complications
6. Discuss safety precautions necessary when handling cytotoxic agents

This program has been approved for 4.0 CEs
